STARLIGHT

STARLIGHT

Orizzonte di novità, Starlight è la nuova capsule collection presentata da Visionnaire per definire un lifestyle metropolitano ed emozionale.

Sviluppata all'interno della maison, l'ispirazione che guida questa collezione è la natura nella sua traduzione organica e la ricerca di simboli universali. Il moon gate, nella sua accezione di "perfezione" ciclica e di apertura dello spazio abitativo verso il mondo naturale, il nido, simbolo di protezione e della vita che si rinnova. Forme curve ed avvolgenti definiscono una collezione dai volumi morbidi e dalle dimensioni contenute per appartamenti metropolitani, che rifugge da spigoli e sporgenze pronunciate, in favore di un'estetica organica e ricca di dettagli.

Starlight esprime la capacità di Visionnaire di realizzare progetti unici, espressione del proprio DNA, ma anche la capacità di assimilare simboli ed immagini dei paesi in cui opera per tradurli in oggetti dalla singolare identità. Starlight è una capsule che interessa tutti gli ambienti della casa, a partire dalle zone living fino alla definizione di nuovi soggetti artistici realizzati da Michele Astolfi, tra cui l'Araba fenice, figura leggendaria che simboleggia la bellezza, il rinnovamento e la longevità.

Starlight is the new capsule collection presented by Visionnaire to outline a metropolitan and emotional lifestyle.

Developed inside the maison, this collection's inspiration comes from nature in its fullest translation into universal symbols. The moon gate, with its sense of cyclical "perfection" and opening of living spaces to the natural world. The nest, symbol of protection and renewal of life. Curved, enveloping forms for a collection made of soft volumes and compact sizes for metropolitan apartments, avoiding sharp corners and edges in favor of an organic aesthetic packed with details.

Starlight showcases Visionnaire's ability to create unique projects, reflecting the company's DNA, but also a talent for absorbing the symbols and images of the countries in which the firm operates, translating them into objects with a vividly unique identity. Starlight is a capsule collection that touches on all the spaces of the home, starting with the living zones all the way to the definition of new artistic subjects by Michele Astolfi, including the "Araba Fenice", a legendary figure that represents beauty, renewal and longevity.
